# Become a Sexual Health Community Researcher

We are recruiting  
25 people from across  
Derbyshire County  
and Derby City.

## Help us understand:

- What do people expect from sexual health services?
- What do people know about the services we offer?
- What prevents people accessing our services?
- What can be done better?

**You don't need any  
experience and we only  
need a few hours of your  
time (every month until  
September 2022).**

# What will you do?

**We have lots of ideas,  
but perhaps the question  
should be – where do your  
interests lie?**

**Expect things like:**

- Collecting surveys and questionnaires.
- Mystery shop – (use our sexual health services, then tell us what it was like).
- Get involved in group discussions.
- Get involved at community events / fairs and share information in your local area.

# What's in it for you?

- An introduction day, followed by food and drink! We'll keep in touch by texts and have the occasional online catch up.
- Our workers will always be there to provide lots of support, ideas, help and advice.
- Out of pocket expenses will be covered and you'll also get a £100 voucher to meet additional expenses at the end of the project.
- If you are doing this to gain work experience, we will provide a **certificate and references** at the end of the project with a description of the skills you have gained.
- If you are job hunting, we can even help you with applications.

**For more  
information  
and to express  
your interest.**
